Dear Messrs. Pepe, Lawson, and Olafsson,

We write in solidarity with the union workers who are represented by the International Alliance of Theatrical Stage Employees ("IATSE") and whose work is essential in making the Atlantic Theater a preeminent cultural institution in New York.

We strongly urge that the Atlantic Theater Company return to the negotiation table to resume good faith bargaining, rather than imposing unilateral conditions on the Union and its workforce. We support both the Union and the Employer in your pursuit of a partnership which can only result in the betterment of both parties and the patrons of the Atlantic Theater Company.

Sincerely,

Tony Simone,
